

ADAPT

Secret Lighting Adapt

Adapts compatible SECRET Lighting fixtures to most third-party 0–10V controllers. (i.e. TrolMaster)

Only operates with compatible SECRET Lighting fixtures (SL-760 STEALTH, SL-1000 STEALTH, SL-680 MEGA). Will not operate with SL-830 GHOST multi-channel fixtures. Also compatible with select NextLight Pro Series fixtures.

1 Year Limited Warranty via SECRET Lighting

Key Features

- Integrates compatible SECRET Lighting fixtures with most third-party 0–10V controllers
- Simple plug-and-play installation
- Supports daisy-chain fixture control architecture
- Compact low-profile design
- Stable external dimming communication
- Designed for compatible single-channel lighting systems
- Compatible with select NextLight Pro Series fixtures

Compatibility

SUPPORTED:

SL-760 STEALTH
SL-1000 STEALTH
SL-680 MEGA

NOT SUPPORTED:

SL-830 GHOST

The SL-830 GHOST utilizes multi-channel control architecture and is not compatible with SECRET Lighting ADAPT. ***Compatible with select NextLight Pro Series fixtures. If compatible fixtures include onboard dimming controls or dimming buttons, fixtures may need to be set to EXT (External Control) mode in order to properly communicate with the controller.
